RE: Freedom of Information Act 2000 Request

I write in response to your Freedom of Information Act 2000 (or 'FoIA 2000') request dated 28 June 2021, which stated:

'I'd like to make a request under the Freedom of Information Act 2000 for all transactions over £25,000 for the period February 2019 to May 2021.

Please provide the data in a machine readable format (preferably csv). As a minimum, please make sure to include the date, value and recipient of each transaction. Please also provide details on the procurement category of each transaction if you have it.'

When a request for information is made under FoIA 2000, a public authority has a general duty under section 1(1) of the Act to inform an applicant whether the requested information is held. There is then a general obligation to communicate that information to the applicant. If a public authority decides that the information should not be disclosed because an exemption applies, it must, under section 17(1) cite the appropriate section or exemption of the Act and provide an explanation for relying upon it.

It is important to note that a freedom of information request is not a private transaction. Both the request itself and any information disclosed are considered suitable for open publication, that is, once access to information is granted to one person under the legislation, it is then considered public information and must be communicated to any individual should a request be received. In light of this, our responses and disclosures are published on our external website at a later date.

Decision

After conducting careful searches relating to your request, I can confirm there is information held and this has been provided to you in the spreadsheet which accompanies this letter. The College of Policing can neither confirm nor deny whether the information in the attached spreadsheet represents all the information

held that meets the terms of your request. This is because the duty to comply with section 1(1)(a) of the FoIA 2000 does not apply by virtue of section 23(5). Under s23(5) the duty to confirm or deny does not arise if, or to the extent that, compliance with section 1(1)(a) would involve the disclosure of any information (whether or not already recorded) which was directly or indirectly supplied to the public authority by, or relates to, any of the bodies specified in subsection (3). This is an absolute exemption and a public interest test is not required.

I trust this letter answers your questions. Your rights are provided in **Appendix A**.

Yours sincerely,

Sarah Lawrence | Legal Advisor
Information Management and Legal Team
College of Policing

Appendix A

Rights

If you are dissatisfied with the handling procedures or the decision of the College of Policing made under the Freedom of Information Act 2000 (the Act) regarding access to information you can request that the decision is reviewed internally.

Internal review requests should be made in writing, within **forty (40) working days** from the date of the refusal notice, and addressed to: FOI team, Central House, Beckwith Knowle, Otley Road, Harrogate, North Yorkshire, HG3 1UF or email: FOI@college.pnn.police.uk

In all possible circumstances the College of Policing will aim to respond to your request for internal review within **20 working days**.

The Information Commissioner

If, after lodging an internal review request with the College of Policing you are still dissatisfied with the decision you may make application to the Information Commissioner for a decision on whether the request for information has been dealt with in accordance with the requirements of the Act.

For information on how to make application to the Information Commissioner please visit their website at <https://ico.org.uk/for-the-public/official-information/>.
