**RE: Your request for information under the Freedom of Information Act 2000**

I write in response to your Freedom of Information Act 2000 ('FoIA 2000') request, dated 15/09/2021, in which you requested:

"The last two columns ("Title of Framework used" and "contracts finder or ted link of framework agreement") is where I am missing information - please could you fill these in."

**Decision**

When a request for information is made under FoIA 2000, a public authority has a general duty under section 1(1) of the Act to inform an applicant whether the requested information is held. There is then a general obligation to communicate that information to the applicant.

In line with section 1(1) of the FoIA, I can confirm the College **holds some information** relevant to your request.

**Title of Framework used** – information held. Please see disclosure document 1 where this information has been provided.

**Contracts finder or ted link of framework agreement** – no information held. The College does not keep a record of the links to the original Contracts Finder notice that was published when the framework was created.

Contracts finder can be accessed publicly by clicking [here](#).

Your rights can be found below.

Yours sincerely,

**Kate Kaufman | Legal Advisor**
