RE: Your request for information under the Freedom of Information Act 2000

I write in response to your Freedom of Information Act 2000 ('FoIA 2000') request, dated 30/05/2022, in which you requested:

"I have attached an Excel file that contains the information I am looking at. The last two columns ("Title of framework used" and "Contracts Finder or TED link of framework agreement") is where I am missing information - please could you fill these in."

Decision

When a request for information is made under FoIA 2000, a public authority has a general duty under section 1(1) of the Act to inform an applicant whether the requested information is held. There is then a general obligation to communicate that information to the applicant. In line with section 1(1) of the FoIA, after conducting careful searches, I can confirm the College **holds some recorded information** relevant to your request.

At disclosure document 1, the titles of the frameworks have been provided to you underneath column I. In relation to the 'contract finder or TED link of framework used (if applicable)', the links are already visible underneath column D.

Your rights can be found at the end of this letter.

Yours sincerely,

Kate Kaufman | Legal Researcher
